CAREER OBJECTIVE

Motivated Mechanical Engineering Polytechnic student with practical skills in AutoCAD 2D/3D and foundational web development using HTML, CSS and JavaScript. Seeking internship or entry-level opportunities where I can apply my technical skills, learn from experienced professionals, and contribute to real-world projects.

EDUCATION

Mechanical Engineering – Polytechnic

Government Polytechnic Harakh, Uttar Pradesh

TECHNICAL SKILLS

- AutoCAD – 2D drafting and 3D modelling
- HTML – webpage structure
- CSS – styling and responsive layouts
- JavaScript – basic interactivity
- Responsive Web Design – mobile and desktop layouts

PROJECTS

AutoCAD 2D & 3D

Created 2D drafting and 3D modelling work using AutoCAD, focusing on accurate layouts, basic modelling, and technical drawing presentation.

Personal Portfolio Website

Designed and developed a responsive personal portfolio website using HTML, CSS and JavaScript, including projects, skills, about, contact form, navigation, and mobile-friendly layout.

STRENGTHS

- Quick learner and willing to learn new technologies
- Interest in engineering design and web development
- Problem-solving and practical approach
- Adaptable to technical and team-based work

CAREER INTEREST

Open to internship and entry-level opportunities in Mechanical Design / AutoCAD as well as Web Development, with a strong interest in building practical skills through real projects.
